<b>Evening</b>	Meet and Greet with Host Church	<b>Gathering 6:30pm</b>	<b>Missional Lab</b> <i>(activity at host church locations)</i>	<b>Neighbouring*</b> <i>Massive Food Drive</i>	FREE EVENING	<b>Gathering 6:30pm <i>[communion service]</i></b>	<b>Gathering 6:30pm *(Public Rally)</b>	

The **two group meals** are the only ones covered and provided by TI (through sponsorship from Crandall University and Acadia Divinity College).

The **Missional Labs** are all intended to be done at the host church location, except for Wednesday afternoon, which will take place at the rally site (unless confirmed otherwise).

**\*Neighbouring** - There are 7 neighbouring slots through the week, one is already allotted to the Massive Food Drive. For the other six Missional slots, your leaders are to plan to each slot and encouraged to cover these 6 areas, so that by the end of the week you get to experience living on mission with God in all these different ways!  
Fill in what your group has decided for each slot.

- 1. A work project in the community** - It could be stacking wood, painting a mural, building a kids' park, painting a room, getting rid of graffiti, building a trail, picking up garbage... Whatever it is it'll involve some labour, labour of love!  
For our work project in the community our group will \_\_\_\_\_ during the Neighbouring slot on \_\_\_\_\_ (day) in the \_\_\_\_\_(morning/afternoon/evening).
- 2. Serving food** - Serve food to others - It could be a tea for seniors, a BBQ for the community, ice cream for kids, distributing packed lunches for the homeless, helping with a meal in a soup-kitchen, providing lunch for farm-workers...  
For our serving food experience our group will \_\_\_\_\_ during the Neighbouring slot on \_\_\_\_\_ (day) in the \_\_\_\_\_(morning/afternoon/evening).
- 3. Intentionally helping a business, farm or municipality** - Figure out a way to bless a local business, farm or the municipality - It could be washing all the windows of the stores on a main street, shoveling manure on a farm, fixing fence posts on a farm, asking the city/municipal council what work they'd like to see done, cleaning out equipment for a business, helping a library sort out their old books, planting flowers along a stretch of road etc.  
For our intentionally helping a business, farm or municipality experience our group will \_\_\_\_\_ during the Neighbouring slot on \_\_\_\_\_ (day) in the \_\_\_\_\_(morning/afternoon/evening).
- 4. Serve alongside another non-profit in the area** - it could be stocking shelves at a food bank, making & taking refreshments to the local fire and police departments, sprucing up a community centre, helping at a shelter, coming alongside a program for new immigrants, helping at a pregnancy resource centre etc.  
For our serving with a non-profit experience our group will \_\_\_\_\_ during the Neighbouring slot on \_\_\_\_\_ (day) in the \_\_\_\_\_(morning/afternoon/evening).
- 5. Intentionally serve either kids and families or seniors in the area** - it could be a park day for kids and families, a ball-hockey tournament, giving away free balloon animals to kids, visiting a seniors home, doing yard work for seniors, a water-play day for kids, an obstacle course that kids and parents have to complete together etc.  
For our serving kids or seniors experience our group will \_\_\_\_\_ during the Neighbouring slot on \_\_\_\_\_ (day) in the \_\_\_\_\_(morning/afternoon/evening).
- 6. Free give-aways** - pool some resources from your group to create, make or buy something to give away freely to others in your community that they would appreciate. It could be going to a popular spot and giving away freebies, giving free ATV tune-ups, providing a free car-wash, free bicycle tune-ups, giving away water, giving away bus-tickets, setting up a prayer-tent and offering people prayer, free coffee to day-care workers etc.  
For our free give-aways experience our group will \_\_\_\_\_ during the Neighbouring slot on \_\_\_\_\_ (day) in the \_\_\_\_\_(morning/afternoon/evening).
